EDUCATION

Binghamton University, State University of New York, Thomas J. Watson College of Engineering and Applied Science
Bachelor of Science in Computer Science *Expected May 2027*
Cumulative GPA: 3.47/4.00
Relevant Coursework: Algorithmic Problem Solving in C++, OOP in C++/Java, Discrete Math, Data Structures & Algorithms

TECHNICAL SKILLS

Languages: C++, Java, Python, JavaScript
Software and OS: CLion**,** Cursor**,** Visual Studio Code, XCode, Eclipse, Unreal Engine 5, Git, Vim
Additional: SFML, React, HTML, CSS, Tailwind CSS, Google Workspace, Microsoft Office

PROJECT EXPERIENCE

Asteroid Dodger Game | C++, SFML *July 2025*
- Developed an arcade-style 8-bit video game, resulting in improved familiarity with the SFML library and video game development
- Implemented features including full movement control, screen wrapping, collision explosion sounds, background music, dynamic difficulty, and replay options in order to enhance player experience

Personal Portfolio Website | React, Tailwind CSS, Vercel *May 2025 – June 2025*
- Designed and deployed a responsive portfolio showcasing my projects and technical skills, resulting in improved professional branding

CLI To-do List App | Python *March 2025*
- Created a command-line interface to-do list application to manage daily tasks
- Developed features such as adding, viewing, completing, deleting, and saving tasks between sessions using a JSON file, resulting in an easy-to-use and efficient platform

N-Queens Problem Solution | C++ March - April 2024
- Designed a program that returns the number of possible solutions to the N-Queens problem
- Utilized dynamic memory allocation and backtracking to efficiently calculate the number of solutions for any input N

WORK EXPERIENCE

Rockaway YMCA, *Fitness Center Floor Coach* *July 2024 – Present*
- Working collaboratively in order to create and maintain a safe and friendly fitness environment, improving teamwork skills
- Utilizing problem-solving skills to assist with any fitness-related questions and/or concerns, in turn developing my ability to think and act quickly on my feet
- Coordinating and assisting with multiple different departments and teams throughout the building, enhancing communication and teamwork skills

Millennium Development, *Youth Group Leader* *February 2023 – August 2023*
- Used varied methods of interacting with children to assist with varying behavioral issues
- Coordinated class transfers and other events during the day with a network of team members using communication and problem-solving skills
